

Benefits of Membership in the Leadership Alliance

Leadership Alliance Membership Benefits

- Affiliation with an award-winning, nationally recognized summer research program and research symposium managed by an Executive Office staff.
- Centralized fundraising efforts of the Executive Office that support summer research programs of Alliance institutions
- Centralized, national recruitment infrastructure for institutional undergraduate research programs and targeted recruitment of competitive Alliance undergraduates for graduate training programs
- Ongoing longitudinal tracking and evaluation of program participants throughout their academic pathway
- Access to Leadership Alliance alumni who completed advanced degrees for employment opportunities to diversify academia, public and private sectors
- Faculty collaborative initiatives developed to engage faculty at member institutions and provide opportunities to establish research collaborations, work collectively on Alliance-based funding opportunities and share best practices
- Access to a network of faculty and administrators at both the undergraduate and graduate levels committed to broadening participation in the academic career pathway
- Complimentary registration for annual Faculty Resource Network Symposia and seminars
- Forum for dissemination of best practices and shared discussions on issues in higher education
- Access to Alliance publications and national program outcomes and assessment data

Shared Resources Provided by the Leadership Alliance

- Virtual programming for nearly 800 students, half of participants were students from Leadership Alliance institutions
